

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Bina
DOCKET NO.: 21-01909.001-R-1
PARCEL NO.: 16-36-102-015

The parties of record before the Property Tax Appeal Board are Mark Bina, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,613
IMPR.: \$80,978
TOTAL: \$134,591

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding and brick exterior construction with 1,772 square feet of living area. The dwelling was constructed in 1925, is approximately 96 years old, and has an effective age of 1950. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 400 square feet of building area. The property has an approximately 5,200 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .43 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 1.5-story or 2-story dwellings of wood siding or brick exterior construction ranging in size from 1,428 to 2,199 square feet of living area. The homes are 71 to 95 years old. Each dwelling

has central air conditioning, a fireplace, a basement with two having finished area, and a garage ranging in size from 180 to 289 square feet of building area. The comparables have improvement assessments ranging from \$55,715 to \$87,839 or from \$39.02 to \$42.35 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$71,943 or \$40.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,591. The subject property has an improvement assessment of \$80,978 or \$45.70 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .5 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 1,613 to 2,002 square feet of living area. The homes were built from 1933 to 1946, with effective ages ranging from 1955 to 1979. Each dwelling has central air conditioning, four comparables each have one or two fireplaces, four comparables each have a basement with finished area, one comparable has a crawl-space foundation, and four comparables each have a garage ranging in size from 200 to 528 square feet of building area. The comparables have improvement assessments ranging from \$93,775 to \$108,689 or from \$47.38 to \$67.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #1, #2, and #4 due to differences in dwelling size and/or basement finish when compared to the subject. The Board also gives reduced weight to board of review comparables #4 and #5 due to difference from the subject in effective age, foundation, and/or garage feature.

The Board finds the best evidence of assessment equity to be appellant's comparable #3 and board of review comparables #1 through #3, which are similar to the subject in age/effective age, location, dwelling size, and features. These comparables have improvement assessments that range from \$76,156 to \$108,689 or from \$41.21 to \$67.38 per square foot of living area. The subject's improvement assessment of \$80,978 or \$45.70 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
