

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dvora Heller
DOCKET NO.: 21-01934.001-R-1
PARCEL NO.: 16-34-201-036

The parties of record before the Property Tax Appeal Board are Dvora Heller, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,593
IMPR.: \$79,171
TOTAL: \$122,764

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,126 square feet of living area. The dwelling was built in 1963 and is approximately 58 years old. Features of the home include an unfinished basement, central air conditioning, and a 462 square foot garage. The property has an approximately 8,354 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.57 of a mile from the subject. The properties are improved with 2-story dwellings of stucco, brick, or wood siding exterior construction ranging in size from 1,707 to 2,496 square feet of living area. The homes range in age from 79 to 92 years old. Each comparable has a

basement with one having finished area, one fireplace, and a garage that ranges in size from 220 to 440 square feet of building area. Three comparables each have central air conditioning. The comparables have improvement assessments that range from \$56,942 to \$82,131 or from \$32.12 to \$33.44 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$70,051 or \$32.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,764. The subject property has an improvement assessment of \$79,171 or \$37.24 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.65 of a mile from the subject. The properties are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,237 to 2,395 square feet of living area. The homes were built from 1962 to 1972 and thus range in age from 49 to 59 years old. Each comparable was reported by the board of review to have a basement with one having finished area.¹ Each comparable has central air conditioning, one fireplace, and a garage that ranges in size from 484 to 504 square feet of building area. The comparables have improvement assessments that range from \$87,118 to \$96,473 or from \$38.74 to \$41.57 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparable #5 due to differences from the subject in age, dwelling size, and/or basement finish.

The Board finds the best evidence of assessment equity to be the four remaining comparables submitted by the board of review. These comparables are similar to the subject in location, design, age, dwelling size, basement finish, and most features. The comparables have improvement assessments ranging from \$90,342 to \$96,473 or from \$38.74 to \$41.57 per square foot of living area. The subject's improvement assessment of \$79,171 or \$37.24 per square foot of living area falls below the range established by the best comparables in this record. Based on

¹ The board of review reported that its comparable #4 had a crawl space foundation but also reported it had 900 square feet of basement area.

this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
