

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Schwartz
DOCKET NO.: 21-02029.001-R-1
PARCEL NO.: 16-20-403-029

The parties of record before the Property Tax Appeal Board are Andrew Schwartz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$57,666
IMPR.: \$141,119
TOTAL: \$198,785

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,214 square feet of living area. The dwelling was constructed in 1969. Features of the home include a basement with finished area, central air conditioning, one fireplace, and an attached garage with 484 square feet of building area. The property has a site that contains approximately 11,840 square feet of land area and is located in Deerfield, West Deerfield Township, Lake County.

In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are described

¹ The parties agreed to forgo the scheduled virtual hearing on this case and have the Board issue a decision based on the evidence in the record.

as two-story dwellings of brick exterior construction ranging in size from 2,839 to 3,374 square feet of living area. The homes are 51 to 53 years old. The comparables have basements with one having finished area. Each comparable has central air conditioning, one fireplace and an attached garage ranging in size from 506 to 529 square feet of building area. The comparables have improvement assessments ranging from \$91,141 to \$98,844 or from \$27.54 to \$34.82 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$198,785. The subject property has an improvement assessment of \$141,119 or \$43.91 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are described as two-story dwellings of brick and wood siding exterior construction ranging in size from 3,115 to 3,226 square feet of living area. The homes were built from 1968 to 1970. The comparables have partial basements, with four having a recreation room. Each comparable has central air conditioning, one fireplace, and an attached garage ranging in size from 462 to 528 square feet of building area. The comparables have improvement assessments ranging from \$146,596 to \$160,765 or from \$45.44 to \$50.99 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables and board of review comparable #5 which are less similar in dwelling size or have unfinished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 through #4 which are more similar to the subject in location, age, style, size and features. These comparables have improvement assessments that range from \$146,596 to \$160,765 or from \$45.44 to \$50.99 per square foot of living area. The subject's improvement assessment of \$141,119 or \$43.91 per square foot of living area falls below the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
