

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jamie Bay
DOCKET NO.: 21-02107.001-R-1
PARCEL NO.: 17-31-302-109

The parties of record before the Property Tax Appeal Board are Jamie Bay, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$114,151
IMPR.: \$165,173
TOTAL: \$279,324

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,388 square feet of living area. The dwelling was constructed in 1951 and is approximately 70 years old. The dwelling has a reported effective year built of 1958. Features of the home include a basement that is finished with a recreation room, central air conditioning, three fireplaces and a 437 square foot garage. The property has a 15,550 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 2,993 to 3,520 square feet of living area. The dwellings are 70 or 80 years old. The comparables have

basements, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 399 to 528 square feet of building area. The comparables have improvement assessments that range from \$122,121 to \$154,904 or from \$40.55 to \$44.01 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$279,324. The subject property has an improvement assessment of \$165,173 or \$48.75 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings with a combination of stone, brick and/ or stucco exteriors ranging in size from 3,242 to 3,704 square feet of living area. The dwellings were built from 1938 to 1958 with effective years built from 1949 to 1977. The comparables each have a basement that is finished with a recreation room, one of which is a walkout design. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 630 square feet of building area. The comparables have improvement assessments that range from \$148,165 to \$216,734 or from \$41.47 to \$58.51 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 along with board of review comparable #5 which are less similar in dwelling size or have an unfinished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in dwelling size, design, age and most features. These comparables have improvement assessments that range from \$129,294 to \$189,673 or from \$41.48 to \$56.52 per square foot of living area. The subject's improvement assessment of \$165,173 or \$48.75 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
