

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Florsheim  
DOCKET NO.: 21-02110.001-R-1  
PARCEL NO.: 16-21-304-006

The parties of record before the Property Tax Appeal Board are James Florsheim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$113,216  
**IMPR.:** \$200,312  
**TOTAL:** \$313,528

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 3,781 square feet of living area. The dwelling was built in 1964 with an effective year built of 1967 and a chronological age of approximately 57 years. Features of the home include a partial basement with finished area, one fireplace, and a 462 square foot attached garage. The property also has a 525 square foot inground swimming pool and a 126 square foot greenhouse.<sup>1</sup> The property has an approximately 41,380 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity

comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 2,907 to 4,154 square feet of living area. The dwellings range in age from 36 to 62 years old. The appellant reported that two comparables have crawl space foundations and two comparables have partial or full basements, one of which has finished area. One comparable has central air conditioning. Each comparable has one or two fireplaces and an attached garage that ranges in size from 584 to 928 square feet of building area. The comparables have improvement assessments that range from \$93,729 to \$131,495 or from \$31.66 to \$34.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$313,528. The subject property has an improvement assessment of \$200,312 or \$52.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject property. Comparable #3 is a duplicate of appellant's comparable #3. The comparables are improved with one-story dwellings of wood siding or brick exterior construction ranging in size from 3,223 to 4,459 square feet of living area. The dwellings were built from 1957 to 1973 with comparable #2 having an effective year built of 1968. Four comparables have partial or full unfinished basements. One comparable has a crawl space foundation. Each comparable has one to three fireplaces and an attached garage that ranges in size from 462 to 957 square feet of building area. Comparables #2 and #4 have inground swimming pools. The comparables have improvement assessments that range from \$121,228 to \$266,271 or from \$34.87 to \$61.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration as one comparable was common to both parties. The Board gives less weight to the appellant's comparables #1, #2 and #4 due to differences in age or dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which includes the common comparable. These comparables are relatively similar to the subject in location, design, age, dwelling size and some features. These comparables have improvement

assessments ranging from \$121,228 to \$266,271 or \$34.87 to \$61.59 per square foot of living area. The subject's improvement assessment of \$200,312 or \$52.98 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
