

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Mason
DOCKET NO.: 21-02174.001-R-1
PARCEL NO.: 13-35-207-007

The parties of record before the Property Tax Appeal Board are David Mason, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,783
IMPR.: \$215,178
TOTAL: \$248,961

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,813 square feet of living area. The dwelling was constructed in 2007. Features of the home include a basement with finished area, central air conditioning, a fireplace, an attached 669 square foot garage, and a detached 259 square foot garage. The property has an approximately 30,800 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .42 of a mile of the subject, three of which are within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,275 to 4,166 square feet of living area. The homes were built from 1958 to 2008, with comparables #4 and #5 having effective ages of 1970 and 1997, respectively. Each dwelling

has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 654 to 720 square feet of building area. The parcels range in size from 23,645 to 30,104 square feet of land area. The comparables sold from December 2018 to April 2021 for prices ranging from \$460,000 to \$637,000 or from \$136.34 to \$165.20 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$178,507, for an estimated market value of \$535,575 or \$140.46 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$248,961. The subject's assessment reflects a market value of \$748,755 or \$196.37 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .51 of a mile of the subject, none of which are within the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #2. The comparables consist of two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 2,984 to 4,359 square feet of living area. The dwellings were built from 1998 to 2006. Each dwelling has central air conditioning, one or two fireplaces, a basement with three having finished area,¹ and a garage ranging in size from 690 to 779 square feet of building area. The parcels range in size from 20,000 to 24,390 square feet of land area. The comparables sold from May 2020 to June 2021 for prices ranging from \$604,625 to \$850,000 or from \$153.13 to \$284.85 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #3 through #5 due to their older dwellings and/or more remote sale dates for valuation as of January 1, 2021. The Board also gives reduced weight to board of review comparables #3 through #5 due to differences from the subject in dwelling size and/or basement finish.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2, including the common comparable, and board of review comparable sales #1 and #2, which are

¹ The appellant disclosed that the common comparable has finished basement area.

similar to the subject in age, location, dwelling size, and some features. These most similar comparables sold for prices ranging from \$554,100 to \$795,000 or from \$139.64 to \$222.75 per square foot of living area, including land. The subject's assessment reflects a market value of \$748,755 or \$196.37 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
