

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Charnota
DOCKET NO.: 21-02179.001-R-1
PARCEL NO.: 13-24-403-001

The parties of record before the Property Tax Appeal Board are David Charnota, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$68,094
IMPR.: \$185,999
TOTAL: \$254,093

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and stucco exterior construction with 4,138 square feet of living area. The dwelling was constructed in 2007. Features of the home include a basement with finished area, central air conditioning, two fireplaces, an inground swimming pool, and a garage containing 946 square feet of building area. The property has an approximately 110,640 square foot site and is located in North Barrington, Cuba Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 1.2 miles of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of one-story dwellings of frame exterior construction ranging in size from 3,202 to 4,042 square feet of living area. The homes were built from 1955 to 2000, with comparable #2 having an

effective age of 1974. Each dwelling has central air conditioning, one or two fireplaces, and a basement with finished area. Two comparables have either a 462 or 816 square foot garage. Comparable #1 has an inground swimming pool and comparable #2 has a hot tub. The parcels range in size from 32,265 to 186,001 square feet of land area. The comparables sold from September 2019 to March 2021 for prices ranging from \$570,000 to \$625,000 or from \$141.02 to \$180.82 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$223,030, for an estimated market value of \$669,157 or \$161.71 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$254,093. The subject's assessment reflects a market value of \$764,189 or \$184.68 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 3.44 miles of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding, wood siding and brick, or wood siding and stone exterior construction ranging in size from 3,281 to 3,980 square feet of living area. The dwellings were built from 1940 to 2002, with comparables #3 and #5 having effective ages of 1945 and 1976, respectively. Each dwelling has central air conditioning, one to three fireplaces, a basement with one having finished area, and a garage ranging in size from 672 to 1,560 square feet of building area. The parcels range in size from 78,970 to 215,810 square feet of land area. The comparables sold from October 2019 to July 2021 for prices ranging from \$620,000 to \$845,000 or from \$181.76 to \$239.51 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in location, dwelling size, site size, age, and/or features. Nevertheless, the Board gives less weight to the appellant's comparable #1 and board of review comparable #5, which sold less proximate to the valuation date at issue of January 1, 2021.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #3 along with board of review comparable sales #1 through #4, which have varying degrees of similarity to the subject. These comparables sold for prices ranging from \$570,000 to \$845,000

or from \$141.02 to \$239.51 per square foot of living area, including land. The subject's assessment reflects a market value of \$764,189 or \$184.68 per square foot of living area, including land, which is within the range established by the best comparable sales in this record, and appears well supported given the subject has both the newest and the largest dwelling of all comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
