

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Mundy
DOCKET NO.: 21-02205.001-R-2
PARCEL NO.: 11-17-107-047

The parties of record before the Property Tax Appeal Board are Robert Mundy, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$170,313
IMPR.: \$346,267
TOTAL: \$516,580

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 5,316 square feet of living area. The dwelling was constructed in 2011. Features of the home include finished attic area, an unfinished basement, central air conditioning, eight full and one half bathrooms, a fireplace, and a garage containing 915 square feet of building area. The property has a 40,641 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .21 of a mile of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 4,496 to 6,187 square feet of living area. The homes were built from 1983 to 2011, with comparables #2 and #5 having effective ages of 2008 and 1998, respectively. Each dwelling has

central air conditioning, four full and one half bathrooms or five full and one half bathrooms, one to five fireplaces, an unfinished basement, and a garage ranging in size from 689 to 1,590 square feet of building area. Comparable #2 has a finished attic and comparables #1, #3, and #5 each have inground swimming pools. The parcels range in size from 19,663 to 54,626 square feet of land area. The comparables sold from August 2019 to August 2021 for prices ranging from \$875,000 to \$1,450,000 or from \$146.71 to \$273.79 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$388,277, for an estimated market value of \$1,164,947 or \$219.14 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$516,580. The subject's assessment reflects a market value of \$1,553,624 or \$292.25 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .82 of a mile of the subject, one of which is in the subject's assessment neighborhood. Comparable #1 is the same property as appellant comparable #4. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 4,380 to 5,296 square feet of living area. The dwellings were built from 2004 to 2011, with comparable #2 having an effective age of 2010. Each dwelling has central air conditioning, four full and one half bathrooms or five full and one half bathrooms, two to four fireplaces, an unfinished basement, and a garage ranging in size from 724 to 933 square feet of building area. Comparable #2 has a finished attic and an inground swimming pool. The parcels range in size from 6,385 to 55,000 square feet of land area. The comparables sold from June 2018 to April 2021 for prices ranging from \$1,340,000 to \$1,450,000 or from \$262.43 to \$305.94 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #1, #3, and #5 due to differences in age, dwelling size, and/or inground swimming pool feature when compared to the subject. The Board also gives reduced weight to board of review comparables #2 and #3 due to differences from the subject in dwelling size, site size, and/or inground swimming pool feature. Additionally, appellant comparable #5 and board of review comparable #2 sold less proximate to the valuation date at issue of January 1, 2021.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #4/board of review comparable #1, which are similar to the subject in age/effective age, location, dwelling size, and some features. These most similar comparables sold for prices of \$1,025,000 and \$1,450,000 or for \$227.98 and \$273.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,553,624 or \$292.25 per square foot of living area, including land, which is above the best comparable sales in this record. However, based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, such as site size and bathroom count, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
