

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Morrissey  
DOCKET NO.: 21-02207.001-R-1  
PARCEL NO.: 11-18-206-005

The parties of record before the Property Tax Appeal Board are Michael Morrissey, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$56,770  
**IMPR.:** \$148,582  
**TOTAL:** \$205,352

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,383 square feet of living area. The dwelling was constructed in 1999. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 506 square feet of building area. The property has a 10,016 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .35 of mile of the subject, four of which are in the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame or frame and brick exterior construction ranging in size from 3,120 to 3,923 square feet of living area. The homes were built from 1986 to 1999. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from 460 to 784

square feet of building area. Four comparables each have one or two fireplaces. The parcels range in size from 10,000 to 10,474 square feet of land area. The comparables sold from May 2019 to August 2021 for prices ranging from \$452,500 to \$630,000 or from \$140.92 to \$172.59 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$178,199, for an estimated market value of \$534,650 or \$158.04 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,352. The subject's assessment reflects a market value of \$617,600 or \$182.56 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .19 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame and brick exterior construction ranging in size from 3,063 to 3,562 square feet of living area. The dwellings were built in 1998 or 1999. Each dwelling has central air conditioning, one or two fireplaces, an unfinished basement, and a garage containing 462 square feet of building area. The parcels range in size from 10,005 to 19,804 square feet of land area. The comparables sold from August 2019 to March 2021 for prices ranging from \$600,000 to \$657,500 or from \$184.50 to \$195.89 per square foot of living area, including land. The board of review also submitted a memorandum stating that the subject's assessment was reflective of the subject's 2019 sale with appropriate equalization factors applied. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #5 due to differences from the subject in age. The Board also gives reduced weight to appellant comparables #1 and #3 as well as board of review comparable #3 due to their less proximate sale dates for valuation as of January 1, 2021.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #4, along with board of review comparable sales #1 and #2, which are similar to the subject in age, dwelling size, location, and features. These most similar comparables sold from June 2020 to August 2021 for prices ranging from \$452,500 to \$657,500 or from \$140.92 to \$184.59 per square foot of living area, including land. Excluding the high and low sales from the analysis

results in a tighter range of sale prices of \$630,000 and \$645,000 or \$172.59 and \$184.50 per square foot of living area, including land. The subject's assessment reflects a market value of \$617,600 or \$182.56 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
