

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rebecca Laverdure
DOCKET NO.: 21-02213.001-R-1
PARCEL NO.: 01-33-101-019

The parties of record before the Property Tax Appeal Board are Rebecca Laverdure, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,298
IMPR.: \$129,909
TOTAL: \$150,207

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,896 square feet of living area. The dwelling was constructed in 2001. Features of the home include a walk-out style basement with finished area, central air conditioning, a fireplace, and a garage containing 700 square feet of building area. The property has a 32,570 square foot site and is located in Fox Lake, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .59 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,909 to 3,568 square feet of living area. The homes were built in 1998 or 2005. Each dwelling has central air conditioning, a fireplace, a basement with two having finished area, and a garage ranging in size from 666 to

768 square feet of building area. The parcels range in size from 20,590 to 54,450 square feet of land area. The comparables sold from February 2018 to January 2021 for prices ranging from \$282,500 to \$385,000 or from \$97.11 to \$115.80 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$140,112, for an estimated market value of \$420,378 or \$107.90 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$150,207. The subject's assessment reflects a market value of \$451,750 or \$115.95 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .14 of a mile of the subject and within the subject's assessment neighborhood. Comparable #4 is the same property as appellant comparable #3. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,012 to 3,057 square feet of living area. The dwellings were built from 1998 to 2005, with comparable #3 having an effective age of 2010. Each dwelling has central air conditioning, one or two fireplaces, a basement with two having finished area, and a garage ranging in size from 421 to 666 square feet of building area. The parcels range in size from 20,591 to 32,171 square feet of land area. The comparables sold from July 2020 to March 2021 for prices ranging from \$285,000 to \$354,000 or from \$115.80 to \$121.19 per square foot of living area, including land. The board of review also submitted a memorandum critiquing the appellant's comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board finds the parties' comparables are not truly similar to the subject due to differences in dwelling size and/or features. Nevertheless, the Board gives less weight to the appellant's comparables #1 and #2, which sold less proximate to the valuation date at issue of January 1, 2021.

The Board finds the best evidence of market value to be the parties' remaining comparables, including the common comparable, which are similar to the subject in age, location, and some features. These most similar comparables sold from July 2020 to March 2021 for prices ranging from \$285,000 to \$354,000 or from \$115.80 to \$121.19 per square foot of living area, including land. The subject's assessment reflects a market value of \$451,750 or \$115.95 per square foot of living area, including land, which is within the range established by the best comparable sales in

this record on a per-square-foot basis. While the subject's estimated market value is above the range overall, the Board finds this logical given the subject's larger dwelling and finished walk-out basement. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
