

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Maggio  
DOCKET NO.: 21-02214.001-R-1  
PARCEL NO.: 01-13-401-023

The parties of record before the Property Tax Appeal Board are Jennifer Maggio, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$58,891  
**IMPR.:** \$115,168  
**TOTAL:** \$174,059

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 2,437 square feet of living area. The dwelling was constructed in 1965. Features of the home include a concrete slab foundation, central air conditioning, a fireplace, and two detached garages containing 660 square feet and 835 square feet of building area. The property has an approximately 25,050 square foot site and is located in Antioch, Antioch Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .46 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 1,788 to 3,854 square feet of living area. The homes were built from 1952 to 1960, with comparable #1 having an effective

age of 1978. Each dwelling has central air conditioning and one or two fireplaces. Two comparables each have a basement, one comparable has a crawl-space foundation, and one comparable has a 468 square foot garage. The parcels range in size from 8,990 to 27,760 square feet of land area. The comparables sold from October 2019 to December 2020 for prices ranging from \$311,000 to \$400,000 or from \$103.79 to \$195.75 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$134,939, for an estimated market value of \$404,857 or \$166.13 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,059. The subject's assessment reflects a market value of \$523,486 or \$214.81 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on eight comparable sales located within 3.16 miles of the subject. The comparables consist of one-story dwellings of wood siding exterior construction ranging in size from 1,600 to 2,595 square feet of living area. The dwellings were built from 1960 to 1987. Each dwelling has central air conditioning and one or two fireplaces. Five comparables each have a basement with three having finished area, and six comparables each have a garage ranging in size from 371 to 780 square feet of building area. The parcels range in size from 10,142 to 44,000 square feet of land area. The comparables sold from May 2019 to September 2021 for prices ranging from \$360,000 to \$615,000 or from \$211.88 to \$298.80 per square foot of living area, including land. The board of review also submitted a memorandum critiquing the appellant's comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in dwelling size, design, location, foundation, and/or features. Nevertheless, the Board gives less weight to the appellant's comparable #1 and board of review comparables #3 and #8, which sold less proximate to the valuation date at issue of January 1, 2021. The Board also gives reduced weight to board of review comparables #1, #2, #6, and #7 due to their location more than one mile from the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #3 along with board of review comparable sales #4 and #5, which have varying degrees of similarity to the subject. These most similar comparables sold for prices ranging from \$311,000 to

\$400,000 or from \$103.79 to \$234.98 per square foot of living area, including land. The subject's assessment reflects a market value of \$523,486 or \$214.81 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis. While the subject's estimated market value is above the range overall, the Board finds this logical given the subject's larger dwelling and site than the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
