

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hardhaman Sharma
DOCKET NO.: 21-02222.001-R-1
PARCEL NO.: 14-03-106-006

The parties of record before the Property Tax Appeal Board are Hardhaman Sharma, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,108
IMPR.: \$205,340
TOTAL: \$249,448

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 4,356 square feet of living area. The dwelling was constructed in 2015. Features of the home include an unfinished basement, central air conditioning, four full and one half bathrooms, a fireplace, and a garage containing 730 square feet of building area. The property has an approximately 11,840 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .61 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 3,366 to 3,599 square feet of living area. The homes were built in 2017 or 2018. Each dwelling has central air conditioning, an unfinished basement, three full or three full and one half bathrooms, and a garage containing

either 545 or 722 square feet of building area. Comparable #1 has a fireplace. The parcels range in size from 7,560 to 11,901 square feet of land area. The comparables sold in June 2018 or October 2020 for prices ranging from \$535,440 to \$614,000 or from \$156.22 to \$172.47 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$230,743, for an estimated market value of \$692,298 or \$158.93 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$249,448. The subject's assessment reflects a market value of \$750,220 or \$172.23 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .84 of a mile of the subject, one of which is in the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #1. The comparables consist of two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 3,560 to 4,818 square feet of living area. The dwellings were built from 2005 to 2017. Each dwelling has central air conditioning, three full and one half bathrooms to five full and one half bathrooms, a fireplace, a basement with two having finished area, and a garage ranging in size from 662 to 726 square feet of building area. The parcels range in size from 11,900 to 29,160 square feet of land area. The comparables sold from July 2020 to November 2021 for prices ranging from \$614,000 to \$750,000 or from \$152.63 to \$179.11 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #2 and #3, which sold less proximate to the January 1, 2021 valuation date at issue. The Board also gives reduced weight to board of review comparables #4 and #5, which feature finished basement area unlike the subject.

The Board finds the best evidence of market value to be appellant's comparable sale #1 and board of review comparable sales #1 through #3, which are similar to the subject in dwelling size, age, location, and features. These most similar comparables sold from October 2020 to November 2021 for prices ranging from \$614,000 to \$635,000 or from \$152.63 to \$173.88 per square foot of living area, including land. The subject's assessment reflects a market value of

\$750,220 or \$172.23 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis. While the subject's estimated market value is above the range overall, the Board finds this logical given the subject's larger dwelling and greater bathroom count than the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
