

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Saar Schnitman  
DOCKET NO.: 21-02334.001-R-1  
PARCEL NO.: 16-27-403-003

The parties of record before the Property Tax Appeal Board are Saar Schnitman, the appellant, by attorney Steven J. Field, of Field and Goldberg, LLC in Chicago; and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,516  
**IMPR.:** \$165,982  
**TOTAL:** \$210,498

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,051 square feet of living area. The dwelling was constructed in 2007. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 441 square foot attached garage. The property has an approximately 8,620 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior

construction that range in size from 2,572 to 4,486 square feet of living area. The dwellings were built from 2004 to 2007 and have basements with finished area. Each comparable has central air conditioning, one or two fireplaces and a 440 to 814 square foot garage. The comparables have improvement assessments that range from \$99,847 to \$203,135 or from \$38.82 to \$51.64 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$210,498. The subject property has an improvement assessment of \$165,982 or \$54.40 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. Each comparable is improved with a 2-story dwelling of brick, wood siding, or wood siding and brick exterior construction ranging in size from 2,918 to 3,404 square feet of living area. The dwellings were built from 2003 to 2010. Each comparable has a basement, four with finished area, central air conditioning, one or two fireplaces, and a 441 to 638 square foot garage. The comparables have improvement assessments that range from \$187,494 to \$207,676 or from \$57.76 to \$67.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #3 and #4 due to differences in dwelling size when compared to the subject. The Board gives less weight to board of review comparable #4 which lacks finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #2 along with board of review comparables #1, #2, #3 and #5 which overall are more similar to the subject in location, style, dwelling size, age and features. These comparables have improvement assessments that range from \$137,337 to \$207,676 or from \$46.94 to \$67.78 per square foot of living area. The subject's improvement assessment of \$165,982 or \$54.40 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
