

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Sarna
DOCKET NO.: 21-02532.001-R-1
PARCEL NO.: 14-13-202-039

The parties of record before the Property Tax Appeal Board are Thomas Sarna, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$80,173
IMPR.: \$277,491
TOTAL: \$357,664

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 5,437 square feet of living area.¹ The dwelling was constructed in 2002. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an attached 1,169 square foot garage. The property has an approximately 36,000 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within .42 of a mile from the subject. The comparables have sites ranging in size from 27,020 to 40,289 square feet of land area that are improved with 2-story dwellings of brick exterior construction ranging

¹ The Board finds the subject dwelling contains 5,437 square feet of living area based on its Property Record Card (PRC) submitted by the board of review.

in size from 4,357 to 6,300 square feet of living area. The dwellings were built from 2004 to 2006. The comparables have unfinished basements, one of which is a lookout style, central air conditioning, two or three fireplaces and an attached garage ranging in size from 736 to 1,397 square feet of building area. One comparable has a swimming pool. The comparables sold from January to October 2020 for prices ranging from \$690,000 to \$1,000,000 or from \$154.82 to \$169.31 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$357,664. The subject's assessment reflects a market value of \$1,075,681 or \$197.84 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located within .39 of a mile from the subject. The comparables have sites ranging in size from 40,010 to 40,740 square feet of land area that are improved with what are described as 1-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 5,272 to 5,961 square feet of living area. The dwellings were built in 2005 or 2006. The comparables have unfinished basements, one of which is a walkout style, central air conditioning, two, three or five fireplaces, and an attached garage ranging in size from 897 to 1,122 square feet of building area. One comparable has a swimming pool. The comparables sold from March 2020 to July 2021 for prices ranging from \$990,000 to \$1,360,000 or from \$186.65 to \$228.15 per square foot of living area, including land.

The board of review argued the subject has a superior site due to being surrounded by open lands with a pond at the rear. The board of review included a map depicting the subject's superior location and a copy of a listing for the subject from 2010, which revealed the subject home is surrounded by conservation on a private cul-de-sac in Prairie Trails.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4, due to their smaller site size or their swimming pool feature when compared to the subject. The Board also gives less weight to the board of review's comparable #3, due to its swimming pool feature when compared to the subject. The Board finds the parties' remaining comparables have varying degrees of similarity

to the subject. The best comparables sold from March 2020 to July 2021 for prices ranging from \$885,000 to \$1,360,000 or from 169.31 to \$228.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,075,681 or \$197.84 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
