

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chuck Brahos  
DOCKET NO.: 21-02698.001-R-1 through 21-02698.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Chuck Brahos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
21-02698.001-R-1	16-21-403-057	92,614	290,200	\$382,814
21-02698.002-R-1	16-21-403-058	89,955	0	\$89,955

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two parcels improved with a 2-story dwelling of brick exterior construction with 5,581 square feet of living area. The dwelling was constructed in 1999 and is approximately 22 years old. Features of the home include a basement, central air conditioning, a fireplace, and an 858 square foot garage. The property has a combined 53,360 square foot site<sup>1</sup> and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick exterior construction ranging in size from

5,176 to 6,297 square feet of living area. The dwellings range in age from 17 to 20 years old. Each home has a basement, central air conditioning, two fireplaces, and a garage ranging in size from 660 to 1,268 square feet of building area. The comparables have improvement assessments ranging from \$252,042 to \$300,915 or from \$40.03 to \$51.94 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted two sets of its "Board of Review Notes on Appeal" disclosing the combined total assessment for the subject of \$488,488. The subject property has an improvement assessment of \$305,919 or \$54.81 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 4,490 to 6,430 square feet of living area. The dwellings were built from 1997 to 2002. Each home has a basement, three of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 816 to 1,169 square feet of building area. The comparables have improvement assessments ranging from \$256,603 to \$347,770 or from \$54.09 to \$57.47 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and the board of review's comparables, which are less similar to the subject in dwelling size and/or basement finish than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, which are more similar to the subject in dwelling size, age, location, and features. These two most similar comparables have improvement assessments of \$263,921 and \$300,915 or of \$50.99 and \$51.94 per square foot of living area, respectively. The subject's improvement assessment of \$305,919 or \$54.81 per square foot of living area above the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
