

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Debra Bello
DOCKET NO.: 21-02699.001-R-1
PARCEL NO.: 14-13-202-020

The parties of record before the Property Tax Appeal Board are Debra Bello, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$76,768
IMPR.: \$266,550
TOTAL: \$343,318

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 5,355 square feet of living area. The dwelling was constructed in 2005 and is approximately 16 years old. Features of the home include a basement, central air conditioning, two fireplaces, and a 796 square foot garage. The property has a 34,033 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.16 of a mile from the subject. The parcels range in size from 27,020 to 40,289 square feet of land area and are improved with 2-story homes of brick exterior construction ranging in size from 4,357 to 6,300 square feet of living area. The dwellings range in age from 15 to 17 years old. Each home has a basement, central air conditioning, two or three fireplaces, and a garage ranging in size from 736

to 1,397 square feet of building area. The comparables sold from January to October 2020 for prices ranging from \$773,500 to \$1,000,000 or from \$154.82 to \$169.31 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$343,318. The subject's assessment reflects a market value of \$1,032,535 or \$192.82 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.70 of a mile from the subject. The parcels range in size from 40,010 to 82,460 square feet of land area and are improved with 2-story or part 1-story part 2-story homes¹ of brick or brick and wood siding exterior construction ranging in size from 5,174 to 5,961 square feet of living area. The dwellings were built from 1999 to 2006. Each home has a basement, central air conditioning, two to five fireplaces, and a garage ranging in size from 956 to 1,122 square feet of building area. Comparable #2 has an inground swimming pool. The comparables sold from May 2020 to November 2021 for prices ranging from \$1,007,000 to \$1,360,000 or from \$193.50 to \$228.15 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 and the board of review's comparables #1 through #4, which are less similar to the subject in dwelling size and/or lot size than the other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparables #2 and #4 and the board of review's comparable #5, which are more similar to the subject in dwelling size, age, location, lot size, and features. These most similar comparables sold for prices ranging from \$773,500 to \$1,150,000 or from \$154.82 to \$194.98 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,032,535 or \$192.82 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

¹ The board of review described comparable #5 as a 1-story home but also reported above ground living area that is greater than the ground floor living area, indicating this home has second floor living area.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
