

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Un Im
DOCKET NO.: 21-02707.001-R-1
PARCEL NO.: 10-22-304-040

The parties of record before the Property Tax Appeal Board are Un Im, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,831
IMPR.: \$125,570
TOTAL: \$164,401

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a ranch-style dwelling of vinyl siding and brick exterior construction with 2,652 square feet of living area.¹ The dwelling was constructed in 2008 and is approximately 13 years old. Features of the home include a walkout basement, central air conditioning, a fireplace, and a 540 square foot garage. The property has an 8,742 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with ranch-style dwellings of vinyl siding exterior construction

¹ Additional details regarding the subject not reported by the appellant are found in the board of review's evidence and were not refuted by the appellant in written rebuttal.

ranging in size from 2,652 to 3,125 square feet of living area. The homes are 13 or 14 years old. Each home has a basement, three of which have finished area, central air conditioning, and a garage ranging in size from 540 to 642 square feet of building area. Two homes each have a fireplace. The comparables have improvement assessments ranging from \$110,050 to \$129,721 or from \$40.45 to \$41.65 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$165,618. The subject property has an improvement assessment of \$126,787 or \$47.81 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with ranch-style homes of vinyl siding or vinyl siding and brick exterior construction with 2,652 square feet of living area. The dwellings were built in 2008. Each home has a basement, three of which are walkout basements and one of which has finished area. Each home also features central air conditioning and a 460 or a 540 square foot garage. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$117,910 to \$129,721 or from \$44.46 to \$48.91 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #5, which are less similar to the subject in dwelling size and/or basement finish than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 through #4, which are identical to the subject in dwelling size and similar in age, location, and features. These comparables have improvement assessments that range from \$117,910 to \$126,156 or from \$44.46 to \$47.57 per square foot of living area. The subject's improvement assessment of \$126,787 or \$47.81 per square foot of living area falls above the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
