

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carol Sladek  
DOCKET NO.: 21-02709.001-R-1  
PARCEL NO.: 10-22-304-027

The parties of record before the Property Tax Appeal Board are Carol Sladek, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,967  
**IMPR.:** \$125,461  
**TOTAL:** \$164,428

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a ranch-style dwelling of vinyl siding and stone exterior construction with 2,778 square feet of living area. The dwelling was constructed in 2007 and is approximately 14 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 660 square foot garage. The property has an approximately 9,070 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with ranch-style homes of vinyl siding exterior construction ranging in size from 2,814 to 3,125 square feet of living area. The dwellings range in age from 10 to 14 years old. Each home has a basement, two of which have finished area, central air conditioning,

and a 625 or a 642 square foot garage. One home has a fireplace. The comparables have improvement assessments ranging from \$117,199 to \$133,105 or from \$40.45 to \$42.63 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$164,428. The subject property has an improvement assessment of \$125,461 or \$45.16 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with ranch-style homes of vinyl siding and brick or stone exterior construction ranging in size from 2,768 to 2,795 square feet of living area. The dwellings were built from 2007 to 2011. Each home has a basement, three of which are walkout basements and two of which have finished area. Each home also features central air conditioning and a garage ranging in size from 625 to 660 square feet of building area. One home has a fireplace. The comparables have improvement assessments ranging from \$128,894 to \$132,788 or from \$46.40 to \$47.62 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #2 and #5, which are less similar to the subject in dwelling size and/or basement finish than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #3, and #4, which are more similar to the subject in dwelling size, age, location, and some features. These comparables have improvement assessments that range from \$129,558 to \$131,804 or from \$46.49 to \$47.62 per square foot of living area. The subject's improvement assessment of \$125,461 or \$45.16 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
