

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joel VandenBrink
DOCKET NO.: 21-02717.001-R-1
PARCEL NO.: 12-20-401-014

The parties of record before the Property Tax Appeal Board are Joel VandenBrink, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$88,899
IMPR.: \$55,883
TOTAL: \$144,782

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 1,794 square feet of living area. The dwelling was constructed in 1963 and is approximately 58 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 462 square foot garage. The property has an approximately 12,479 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 1,620 to 2,385 square feet of living area. The dwellings range in age from 53 to 60 years old. Each home has a basement, central air conditioning, and a garage ranging in

size from 252 to 462 square feet of building area. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$50,460 to \$74,768 or from \$30.19 to \$32.72 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$55,883 or \$31.15 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,443. The subject property has an improvement assessment of \$72,544 or \$40.44 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story or 2-story homes of brick or wood siding exterior construction ranging in size from 1,800 to 2,268 square feet of living area. The dwellings were built from 1962 to 1969. Each home has a basement, two of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 441 to 504 square feet of building area. The comparables have improvement assessments ranging from \$74,212 to \$94,780 or from \$32.72 to \$49.82 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 and the board of review's comparables, due to substantial differences from the subject in dwelling size and/or basement finish.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3, which are more similar to the subject in dwelling size, age, location, and features. These two comparables have improvement assessments of \$50,460 and \$54,157 or of \$31.15 and \$30.19 per square foot of living area, respectively. The subject's improvement assessment of \$72,544 or \$40.44 per square foot of living area falls above the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
