

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Blair Waite
DOCKET NO.: 21-02724.001-R-1
PARCEL NO.: 12-20-407-002

The parties of record before the Property Tax Appeal Board are Blair Waite, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$91,037
IMPR.: \$71,888
TOTAL: \$162,925

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,274 square feet of living area. The dwelling was constructed in 1962 and is approximately 59 years old. Features of the home include a = basement, central air conditioning, a fireplace, and a 441 square foot garage. The property has an approximately 12,776 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.30 of a mile from the subject. The parcels range in size from 11,338 to 12,314 square feet of land area and are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 2,285 to 2,996 square feet of living area. The dwellings range in age from 32 to 59 years old. Each home has a basement, two of which have finished area, central air conditioning, one or two

fireplaces, and a garage ranging in size from 440 to 483 square feet of building area. The comparables sold from April 2020 to February 2021 for prices ranging from \$489,000 to \$575,000 or from \$180.24 to \$214.00 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$176,264. The subject's assessment reflects a market value of \$530,117 or \$233.12 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on one comparable sale located within 0.55 of a mile from the subject.¹ This comparable has a 14,580 square foot site that is improved with a 2-story home of wood siding exterior construction with 2,287 square feet of living area. The dwelling was built in 1967 and features a basement with finished area, central air conditioning, a fireplace, and a 462 square foot garage. This comparable sold in August 2021 for a price of \$529,500 or \$231.53 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of five comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 due to substantial differences from the subject in dwelling size and/or age.

The Board finds the best evidence of market value to the appellant's comparables #3 and #4 and the board of review's comparable, which are more similar to the subject in dwelling size, age, location, and features, although two of these comparables have finished basement area unlike the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$489,000 to \$529,500 or from \$198.66 to \$231.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$530,117 or \$233.12 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is justified.

¹ The board of review submitted a grid analysis with five comparables, but included sale data for only one of these comparables.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
