

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Glenn Helverson
DOCKET NO.: 21-02747.001-R-1
PARCEL NO.: 12-32-301-008

The parties of record before the Property Tax Appeal Board are Glenn Helverson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$102,182
IMPR.: \$247,798
TOTAL: \$349,980

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,593 square feet of living area. The dwelling was constructed in 1930 and is approximately 91 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, an attic with finished area, and a 552 square foot garage.¹ The property has an approximately 21,640 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located from within the same assessment neighborhood code as the subject. The

¹ Additional details regarding the subject not reported by the appellant are found in the subject's property record card presented by the board of review.

comparables are improved with 2-story homes of brick, stone, or wood siding exterior construction ranging in size from 4,250 to 4,927 square feet of living area. The dwellings range in age from 37 to 105 years old. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 462 to 1,042 square feet of building area. The comparables have improvement assessments ranging from \$173,793 to \$229,749 or from \$40.89 to \$47.40 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$349,980. The subject property has an improvement assessment of \$247,798 or \$53.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located from 0.34 of a mile to 1.77 miles from the subject and within the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story or 2-story homes of brick or wood siding exterior construction ranging in size from 4,379 to 5,397 square feet of living area. The dwellings were built from 1920 to 1953 with comparables #1, #3, and #4 having effective ages of 1947, 1989, and 1959, respectively. Each home has a basement, three of which have finished area, central air conditioning, two to five fireplaces, and a garage ranging in size from 460 to 850 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$226,143 to \$451,272 or from \$51.64 to \$89.34 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables #1, #3, and #4, due to substantial differences from the subject in dwelling size, age/effective age, and/or inground swimming pool amenity, and/or location more than one mile from the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 and the board of review's comparable #2, which are more similar to the subject in dwelling size, age/effective age, location, and features, although two of these comparables lack finished basement area that is a feature of the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables have improvement assessments that range from \$215,090 to \$303,418 or from

\$45.75 to \$61.43 per square foot of living area. The subject's improvement assessment of \$247,798 or \$53.95 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
