

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Peteriet
DOCKET NO.: 21-03502.001-R-1
PARCEL NO.: 11-32-207-004

The parties of record before the Property Tax Appeal Board are Scott Peteriet, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,946
IMPR.: \$163,922
TOTAL: \$208,868

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,649 square feet of living area. The dwelling was constructed in 2000 and is approximately 21 years old. Features of the home include a basement, central air conditioning, one fireplace, an inground swimming pool, and a 651 square foot garage. The property has a 16,636 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .17 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are described as 2-story dwellings

of brick exterior construction that range in size from 3,649 to 4,053 square feet of living area. The dwellings are 22 years old and have basements. Each comparable has central air conditioning, one or two fireplaces and a garage with 441 or 684 square feet of building area. The comparables have improvement assessments that range from \$127,020 to \$158,135 or from \$36.02 to \$34.81 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,868. The subject property has an improvement assessment of \$163,922 or \$44.92 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .19 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 3,626 to 3,659 square feet of living area. The comparables were built from 1998 to 2000 and have basements. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 441 to 684 square feet of building area. The comparables have improvement assessments ranging from \$150,363 to \$160,012 or from \$41.21 to \$43.82 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables #2 and #3 which are less similar in dwelling size when compared to the subject and the other comparables in the record.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #4 as well as the board of review comparables which are relatively similar to the subject in location, age, dwelling size and features. However, each comparable lacks an inground swimming pool when compared to the subject. These comparables have improvement assessments that range from \$127,020 to \$160,012 or from \$34.81 to \$43.82 per square foot of living area. The subject's improvement assessment of \$163,922 or \$44.92 per square foot of living area falls above the range established by the best comparables in this record but appears justified when considering subject's inground swimming pool. Based on this record and after considering the adjustments to the best comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
