

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denys Petrenko  
DOCKET NO.: 21-03510.001-R-1  
PARCEL NO.: 11-29-311-078

The parties of record before the Property Tax Appeal Board are Denys Petrenko, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,796  
**IMPR.:** \$122,146  
**TOTAL:** \$144,942

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 2,800 square feet of living area. The dwelling was constructed in 2001 and is approximately 20 years old. Features of the home include a basement, central air conditioning, one fireplace and a 462 square foot garage. The property has a 6,769 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within .27 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are reported to be 2-story dwellings of brick exterior construction with 2,784 or 2,800 square feet of living area. The dwellings are 21 to 23 years old and have basements. Each comparable has central air conditioning, one or

two fireplaces and a garage with 462 square feet of building area. The comparables have improvement assessments of \$111,220 and \$111,990 or for \$39.95 and \$40.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,942. The subject property has an improvement assessment of \$122,146 or \$43.62 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .39 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick exterior construction that range in size from 2,760 to 2,808 square feet of living area. The comparables were built from 1999 to 2001 and have basements. Each comparable has central air conditioning, one or two fireplaces, and a garage with 420 or 462 square feet of building area. The comparables have improvement assessments ranging from \$122,846 to \$124,120 or from \$43.87 to \$44.85 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight comparables to support their respective positions. The Board finds these comparables are similar to the subject in location, age, dwelling size and features. The comparables have improvement assessments that range from \$111,220 to \$124,120 or from \$39.95 to \$44.85 per square foot of living area. The subject's improvement assessment of \$122,146 or \$43.62 per square foot of living area falls within the range established by the comparables in this record. After considering the adjustments to the comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
