

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lorra Rudman
DOCKET NO.: 21-03524.001-R-1
PARCEL NO.: 15-25-106-017

The parties of record before the Property Tax Appeal Board are Lorra Rudman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,195
IMPR.: \$148,560
TOTAL: \$207,755

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,154 square feet of living area. The dwelling was constructed in 1985 and is approximately 36 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 440 square foot garage. The property has a 20,038 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .33 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are reported to be 1.5-story or 2-

story dwellings of brick or wood siding exterior construction that range in size from 2,820 to 2,930 square feet of living area. The dwellings are 37 or 49 years old and have basements, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 456 to 529 square feet of building area. The comparables have improvement assessments that range from \$101,905 to \$117,505 or from \$36.12 to \$40.44 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,755. The subject property has an improvement assessment of \$148,560 or \$47.10 per square foot of living area.

The board of review noted three of the four appellant's comparables are 14 years older than the subject.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .24 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior construction that range in size from 3,048 to 3,097 square feet of living area. The comparables were built from 1984 to 1987 and have basements, four of which have finished area. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 541 to 815 square feet of building area. The comparables have improvement assessments ranging from \$160,085 to \$173,231 or from \$52.38 to \$56.08 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables as well as board of review comparable #2 due to differences from the subject in age and/or have an unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #3, #4 and #5 which are relatively similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments that range from \$169,382 to \$173,231 or from \$55.39 to \$56.08 per square foot of living area. The subject's improvement assessment of \$148,560 or \$47.10 per square foot of living area falls considerably below the range established by the best comparables in this record. After considering the adjustments to the best comparables for differences from the subject property, the Board finds the appellant did

not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
