

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Kendall  
DOCKET NO.: 21-03531.001-R-1  
PARCEL NO.: 11-16-419-017

The parties of record before the Property Tax Appeal Board are Jonathan Kendall, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$68,113  
**IMPR.:** \$272,243  
**TOTAL:** \$340,356

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,393 square feet of living area.<sup>2</sup> The dwelling was constructed in 2004 and is approximately 17 years old. Features of the home include a basement, central air conditioning, four fireplaces and a 518 square foot garage. The property has an approximately 5,222 square foot site and is located in Libertyville, Libertyville Township, Lake County.

---

<sup>1</sup> The parties agreed to waive the scheduled hearing on this case and have the Board issue a decision based on the evidence in the record.

<sup>2</sup> The Board finds the parties differ as to the subject's dwelling size. The Board finds the best evidence of size was found in the subject's property record presented by the board of review which contained a sketch with dimensions and area calculations.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .31 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are reported to be 2-story dwellings of wood siding exterior construction that range in size from 2,689 to 6,804 square feet of living area. The dwellings range in age from 12 to 19 years old and have basements. Each comparable has central air conditioning, two to four fireplaces and a garage ranging in size from 400 to 657 square feet of building area. The comparables have improvement assessments that range from \$186,215 to \$275,895 or from \$38.94 to \$72.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$340,356. The subject property has an improvement assessment of \$272,243 or \$80.24 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .30 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 3,150 to 3,684 square feet of living area. The comparables were built from 2002 to 2008 and have basements. Each comparable is reported to have central air conditioning, one to three fireplaces, and a garage ranging in size from 40 to 788 square feet of building area. The comparables have improvement assessments ranging from \$247,753 to \$269,434 or from \$67.25 to \$81.26 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables due to differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables which are relatively similar to the subject in location, age, dwelling size and some features. These comparables have improvement assessments that range from \$247,753 to \$269,434 or from \$67.25 to \$81.26 per square foot of living area. The subject's improvement assessment of \$272,243 or \$80.24 per square foot of living area falls within the range established by the best comparables in this record on a square foot basis but falls above the range on an overall basis. However, after considering the adjustments to the best comparables for differences from the

subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
