

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gautam Agarwal
DOCKET NO.: 21-04607.001-R-1
PARCEL NO.: 15-04-304-002

The parties of record before the Property Tax Appeal Board are Gautam Agarwal, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,218
IMPR.: \$93,340
TOTAL: \$116,558

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,172 square feet of living area. The dwelling was constructed in 1976. Features of the home include a crawl-space foundation, central air conditioning and an attached 440 square foot garage. The property has a 6,500 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable properties that are located within .61 of a mile from the subject. The comparables have sites ranging in size from 6,500 to 8,201 square feet of land area that are improved with 2-story dwellings of frame construction with 2,223 or 2,347 square feet of living area. The dwellings were built from 1977 to 1984. The comparables have central air conditioning and an attached 400 or 462 square foot garage. Four comparables

each have a fireplace. Three of the comparables sold from February to October 2020 for prices ranging from \$300,000 to \$330,000 or from \$133.15 to \$140.61 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,558. The subject's assessment reflects a market value of \$350,550 or \$161.40 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located within .57 of a mile from the subject. The comparables have sites ranging in size from 5,500 to 9,610 square feet of land area that are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,170 to 2,347 square feet of living area. The dwellings were built from 1976 to 1984. The comparables have crawl-space or slab foundations, central air conditioning, and an attached garage ranging in size from 420 to 462 square feet of building area. Three comparables each have a fireplace. The comparables sold from December 2020 to November 2021 for prices ranging from \$360,000 to \$410,000 or from \$165.75 to \$174.69 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 10 comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #5, due to the lack of recent sales data, which is required when arguing overvaluation based on comparable sales. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject. The best comparables sold from February 2020 to November 2021 for prices ranging from \$300,000 to \$410,000 or from \$133.15 to \$174.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$350,550 or \$161.40 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
