

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Danly  
DOCKET NO.: 21-04622.001-R-1  
PARCEL NO.: 16-07-102-051

The parties of record before the Property Tax Appeal Board are David Danly, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$174,803  
**IMPR.:** \$172,915  
**TOTAL:** \$347,718

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 4,744 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement, that has finished area, central air conditioning, two fireplaces, and an attached 960 square foot garage. The property has an approximately 60,110 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located within .18 of a mile from the subject. The comparables have sites ranging in size from 60,113 to 62,726 square feet of land area that are improved with 2-story dwellings ranging in size from 4,780 to 5,743 square feet of living area. The dwellings were built in 1988 or 1989. The comparables have basements, one of which has finished area, central air conditioning, one or three fireplaces, and a garage

ranging in size from 804 to 1,118 square feet of building area. The comparables sold from May 2019 to March 2021 for prices ranging from \$795,000 to \$1,055,000 or from \$161.94 to \$220.71 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$347,718. The subject's assessment reflects a market value of \$1,045,768 or \$220.44 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located within .62 of a mile from the subject. The board of review's comparable #1 is the same property as the appellant's comparable #3. The comparables have sites ranging in size from 21,340 to 64,030 square feet of land area that are improved with 2-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 4,072 to 5,211 square feet of living area. The dwellings were built from 1987 to 2011. The comparables have basements, four of which have finished area, central air conditioning, from one to four fireplaces, and an attached garage ranging in size from 682 to 1,165 square feet of building area. One comparable has a swimming pool and a hot tub. The comparables sold from October 2020 to October 2021 for prices ranging from \$1,055,000 to \$1,975,000 or from \$220.71 to \$431.79 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the appellant's comparable #1, due to its sale date occurring greater than 19 months prior to the January 1, 2021 assessment date at issue and its significantly larger dwelling size when compared to the subject. The Board also gives less weight to the board of review's comparables #2, #3 and #5, due to their differences in dwelling size or age when compared to the subject. In addition, the board of review's comparable #3 has a swimming pool and a hot tub when compared to the subject. The Board finds the parties' remaining comparables, which includes the parties' common comparable, have varying degrees of similarity to the subject. However, the appellant's comparable #2 lacks finished basement area when compared to the subject. Nevertheless, the best comparables sold from July 2020 to April 2021 for prices ranging from \$795,000 to \$1,975,000 or from \$163.14 to \$431.79 per square foot of living area, including land. The

subject's assessment reflects a market value of \$1,045,768 or \$220.44 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
