

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brian Cohan
DOCKET NO.: 21-04652.001-R-1
PARCEL NO.: 15-17-102-012

The parties of record before the Property Tax Appeal Board are Brian Cohan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,679
IMPR.: \$133,336
TOTAL: \$179,015

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,454 square feet of living area. The dwelling was constructed in 1988. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 768 square foot garage. The property has an approximately 44,870 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the subject's land as the basis of the appeal. In support of this argument the appellant submitted information on 12 comparable properties, 11 of which are located within .77 of a mile from the subject. The comparables have improved sites ranging in size from 42,689 to 46,609 square feet of land area and have land assessments ranging from \$16,281 to \$18,512 or from \$.37 to \$.41 per square foot of land area.

Based on this evidence the appellant requested the subject's land assessment be reduced to \$17,947 or \$.40 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,015. The subject property has a land assessment of \$45,679 or \$1.02 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are located within .71 of a mile from the subject. The comparables have improved sites ranging in size from 43,560 to 45,300 square feet of land area and have land assessments ranging from \$45,227 to \$48,122 or from \$1.02 to \$1.07 per square foot of land area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 17 comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #5, #7, #8 and #10, due to their differences in site size when compared to the subject or the lack of information as to the proximate location of the comparable to the subject. The Board finds the parties' remaining comparables are similar to the subject in location and site size. The best comparables have site sizes ranging from 43,560 to 45,302 and have land assessments ranging from \$16,281 to \$48,122 or from \$.37 to \$1.07 per square foot of land area. The subject's land assessment of \$45,679 or \$1.02 per square foot of land area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's land assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
