

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Murphy
DOCKET NO.: 21-05730.001-R-1
PARCEL NO.: 15-08-12-309-005-0000

The parties of record before the Property Tax Appeal Board are Kevin Murphy, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,750
IMPR.: \$143,525
TOTAL: \$200,275

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,057 square feet of living area. The dwelling was constructed in 2013. Features of the home include a basement, central air conditioning, a fireplace and a 1,002 square foot garage. The property is located in Mokena, New Lenox Township, Will County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that were located within Foxborough Estates same as subject property. The comparables were described as two-story dwellings of masonry or frame and masonry construction containing from 3,800 to 4,200 square feet of living area. The homes were built from 2006 to 2010 and have basements, central air conditioning, fireplaces, and garages. The comparables had improvement assessments of \$125,255 to \$139,464 or from \$32.41 to \$33.99

per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,275. The subject property has an improvement assessment of \$143,525 or \$35.38 per square foot of living area.

The board of review submitted a statement from the New Lenox Township Assessor's Office asserting that the appellant's comparables #2 and #3 have incorrect square footages. The assessor submitted a grid analysis of the appellant's comparables with the corrected square footages which yields a corrected improvement assessment per square foot range from \$32.41 to \$35.95 per square foot of living area. The subject is assessed at \$35.38 per square foot of living area which is within the range of the appellant's comparables, all of which was unrefuted by the appellant.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within Foxborough Estates same as the subject property. The comparables were described as 2-story dwellings of frame and masonry construction containing from 3,968 to 4,112 square feet of living area. The homes were built from 2006 to 2015 and have basements. Each comparable has central air conditioning, one fireplace and garages ranging in size from 564 to 938 square feet of building area. The comparables have improvement assessments ranging from \$151,881 to \$158,601 or from \$37.57 to \$39.97 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparables for the Board's consideration that are relatively similar to the subject in location, style, age, dwelling size and most features. These comparables have improvement assessments ranging from \$125,255 to \$158,601 or from \$32.41 to \$39.97 per square foot of living area. The subject's improvement assessment of \$143,525 or \$35.38 per square foot of living area falls within the range established by the comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
