

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Carol Kiendl
DOCKET NO.: 02-21065.001-R-1
PARCEL NO.: 05-34-424-019-0000

The parties of record before the Property Tax Appeal Board are Carol Kiendl, the appellant, by attorney Edward Larkin of the law firm of Larkin & Larkin, of Park Ridge, and the Cook County Board of Review.

The subject property consists of 62-year-old, two-story, single-family residence of masonry construction containing 1,263 square feet of living area. The subject features one full bath, a basement, and a fireplace. The appellant contends unequal treatment in the improvement assessment as the basis of the appeal. The subject is located in Evanston Township.

The appellant submitted assessment data and descriptions on four properties located in the area of the subject property. The properties are two-story, single-family residences of masonry construction, ranging in age from 44 to 48 years. Each has one full bath. One has a basement and there are no fireplaces. The properties range in size from 1,184 to 1,249 square feet and had improvement assessments ranging from \$3.53 to \$8.69 per square foot of living area. The subject improvement is assessed at \$13.17 per square foot of living area. On the basis of this evidence, the appellant requested an assessment for the subject improvement of \$6.00 per square foot living area.

The board of review submitted "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$16,640, was disclosed. In addition, assessment data and descriptions on three properties were presented. The properties are each 65 years of age. All are of masonry construction. Each is located in the same area as the subject and two of the three are on the same block as the subject. These properties each feature one full bath, a basement and two have a fireplace. The properties

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,159
IMPR.: \$ 16,640
TOTAL: \$ 19,799

Subject only to the State multiplier as applicable.

ranged in size from 1,018 to 1,556 square feet and have improvement assessments ranging from \$14.20 to \$16.83 per square foot of living area.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the assessment of the subject property is not warranted based on the evidence contained in the record.

The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. The Board finds that the appellant has not met its burden.

In this appeal, there were a total of seven comparable properties submitted by the parties. The board's comparables are the most similar in location, age and amenities to the subject property and have improvement assessments ranging from \$14.20 to \$16.83 per square foot of living area. The subject improvement is assessed at \$13.17 per square foot of living area and is below the range of the most similar comparables. The appellant's properties are not as similar in location, age or amenities.

Therefore, based on a review of the assessment comparables contained in the record, the Property Tax Appeal Board finds that the appellant has not supported the contention of unequal treatment in the assessment process and a reduction in the assessment of the subject property is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
