

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Cheryl Pohl  
DOCKET NO.: 02-28176.001-R-1  
PARCEL NO.: 18-05-413-009-0000

The parties of record before the Property Tax Appeal Board are Cheryl Pohl, the appellant, by attorney Edward Larkin of Larkin & Larkin of Park Ridge and the Cook County Board of Review.

The subject property consists of a 49-year-old, two-story single-family dwelling of masonry construction containing 3,232 square feet of living area and located in Lyons Township, Cook County. The residence contains three and one half bathrooms, a finished basement, fireplaces and a two-car garage.

The appellant's attorney appeared before the PTAB and submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within a quarter mile of the subject. These properties consist of two-story single-family dwellings of masonry or frame and masonry construction and range in age from 51 to 52 years. The comparables have two or three bathrooms with half baths and have full basements, two finished. Two homes are air-conditioned and all have fireplaces and one or two-car garages. The comparables contain between 2,574 and 3,491 square feet of living area and have improvement assessments ranging from \$25,134 to \$39,121 or from \$9.76 to \$11.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$40,671, or \$12.58 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within four blocks of the subject. The comparables consist of two-story single-family dwellings of masonry construction and range in age from 48 to 65 years. The

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,882  
IMPR. \$40,671  
TOTAL: \$55,553

Subject only to the State multiplier as applicable.

comparables contain two or four bathrooms with some half baths, three with full basements; all have air conditioning, fireplaces and two-car garages. The comparables range in size from 2,679 to 4,550 square feet of living area and have improvement assessments of between \$34,165 and \$58,449 or from \$12.71 to \$16.02 per square foot of living area. The board disclosed the subject's May 1, 2003 purchase price of \$1,005,000. The board finds the purchase date is beyond the assessment year. Based on this evidence, the board requested confirmation of the subject property's assessment.

After hearing the testimony and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

Both parties submitted a total of seven suggested comparable properties. The PTAB finds the appellant's comparable one (\$11.98 p/sf) is the only comparable similar to the subject. The remaining six comparables are found less similar in living area or construction materials. The seven properties, without adjustments, have improvement assessments ranging from \$9.76 to \$16.02 per square foot of living area. The subject's per square foot improvement assessment of \$12.58 is within this range of properties. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted into the record is insufficient to effect an assessment change.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
