

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Brad Rendell
DOCKET NO.: 03-20239.00-R-1
PARCEL NO.: 05-20-317-005-0000

The parties of record before the Property Tax Appeal Board are Brad Rendell, the appellant, by attorney Mitchell L. Klein of the law firm of Schiller, Klein, & McElroy, P.C., of Chicago, and the Cook County Board of Review.

The subject property consists of 53-year-old, single-family residential, frame construction building. The subject improvement contains 3,890 square feet of living area and contains three full baths, air conditioning and a fireplace. The appellant contends unequal treatment in the improvement assessment process as the basis of the appeal.

The appellant submitted assessment data and descriptions on four properties located in the area of the subject property. The properties were frame and masonry construction, single-family residential buildings that ranged in age from 44 to 61 years and ranged in size from 3,585 to 4,760 square feet of living area and had improvement assessments ranging from \$14.35 to \$16.38 per square foot of living area. The subject improvement was assessed at \$18.32 per square foot of living area. On the basis of this analysis, the appellant requested an assessment for the subject improvement of \$15.34 per square foot living area.

The board of review submitted "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$71,260 was disclosed. In addition, assessment data and descriptions on eight properties were presented. These properties were each single-family residential buildings of masonry, frame or frame and masonry construction ranging in age from 41 to 46 years. The properties contained from 2,849 to 4,533 square feet of living

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 34,677
IMPR.: \$ 71,260
TOTAL: \$ 105,937

Subject only to the State multiplier as applicable.

area and had improvement assessments ranging from \$17.62 to \$24.37 per square foot of living area.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The Board further finds that a reduction in the assessment of the subject property is not warranted based on the evidence contained in the record.

The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. In this case, the appellant has not met its burden.

In this appeal, there were a total of twelve comparable properties submitted by the parties. The appellant's comparable four and the board's comparables one and eight were the most similar in square footage of living area to the subject property and had improvement assessments ranging from \$16.38 to \$22.77 per square foot of living area. The subject improvement is assessed at \$18.32 per square foot of living area and is within the range of the most similar comparables.

Therefore, based on a review of the assessment comparables contained in the record, the Property Tax Appeal Board finds that the appellant has not supported the contention of unequal treatment in the assessment process and a reduction in the assessment of the subject property is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
