

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Mohammed Yousuf
DOCKET NO.: 03-20565.001-R-1
PARCEL NO.: 06-24-318-041-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Mohammed Yousuf, the appellant, by attorney Rusty A. Payton of Chicago and the Cook County Board of Review (board).

The subject property consists of a 12-year-old, two-story single-family dwelling of frame construction containing 2,030 square feet of living area and located in Hanover Township, Cook County. The residence contains two and one half bathrooms, a basement, air conditioning, a fireplace and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered four suggested comparable properties located within a half mile of the subject. These properties consist of two-story single-family dwellings of frame construction and range in age from 17 to 33 years. The comparables have one or two bathrooms with some half-baths and two have basements. Three homes are air conditioned and two have fireplaces. There is no evidence of garages. The comparables contain between 2,037 and 2,453 square feet of living area and have improvement assessments ranging from \$11,421 to \$14,890 or from \$5.61 to \$6.30 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$16,576 or \$8.26 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within one block of the subject. The comparables consist of two-story single-family dwellings of frame construction and are twelve years old. The comparables contain two and one half bathrooms, full basements, all have air

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR. \$16,576
TOTAL: \$20,718

conditioning and fireplaces and all have two-car garages. The comparables contain 2,007 square feet of living area and have improvement assessments of between \$17,079 and \$17,243 or from \$8.50 to \$8.59 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds the board's three comparables are very similar to the subject in all aspects. These properties have improvement assessments ranging from \$8.50 to \$8.59 per square foot of living area. The subject's per square foot improvement assessment of \$8.26 is below this range of properties. The PTAB finds the appellant's comparables are less similar to the subject in age or living area or location and thus carry less weight. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the subject's per square foot improvement assessment is supported by the properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board are subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
