

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Mark Vincent
DOCKET NO.: 03-21105.001-R-1
PARCEL NO.: 16-17-125-032-0000

The parties of record before the Property Tax Appeal Board are Mark Vincent, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 97-year old, two-story frame dwelling containing 1,456 square feet of living area. The dwelling features a full, partially unfinished basement and a two car detached garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process. The appellant submitted four suggested comparable properties located in close proximity to the subject. The comparables are described as two-story frame dwellings that are from 89 to 99 years old. Features had varying degrees of similarity when compared to the subject. The comparables range in size from 1,540 to 1,780 square feet of living area and have improvement assessments ranging from \$12.56 to \$12.63 per square foot of living area. The subject property has an improvement assessment of \$14.85 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. In support of the subject's assessment, the board of review submitted property characteristic sheets and an assessment analysis of four suggested comparables located in close proximity to the subject. The comparables consist of two-story frame dwellings that are from 94 to 104 years old. Features had varying degrees of similarity when compared to the subject. The dwellings range in size from 1,316 to 1,400 square feet of living area and have improvement assessments ranging from \$14.73 to \$15.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	4,508
IMPR.:	\$	21,619
TOTAL:	\$	26,127

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the parties submitted eight suggested comparables for consideration. The Board finds the comparables submitted by both parties had varying degrees of similarity when compared to the subject in age, size, design, location and features. They have improvement assessments of ranging from \$12.56 to \$15.81 per square foot of living area. The subject property has an improvement assessment of \$14.85 per square foot of living area, which falls within the range established by the comparables contained in this record. After considering adjustments to the most similar comparables for any differences when compared to the subject, the Board finds the subject's improvement assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
