

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Luis Navarro
DOCKET NO.: 03-21435.001-R-1
PARCEL NO.: 06-22-213-032-0000

The parties of record before the Property Tax Appeal Board are Luis Navarro, the appellant, by attorney Edward Larkin of the law firm of Larkin & Larkin, of Park Ridge, and the Cook County Board of Review.

The subject property consists of 13-year-old, two-story, single-family residence of frame construction containing 1,588 square feet of living area. The subject features one full bath, a basement, and a garage. The appellant contends unequal treatment in the improvement assessment as the basis of the appeal.

The appellant submitted assessment data and descriptions on four properties located in the area of the subject property. The properties were two-story, single-family residences. They ranged in size from 1,531 to 1,902 square feet and had improvement assessments ranging from \$5.84 to \$7.48 per square foot of living area and feature amenities similar to the subject. Each is frame construction and two have a basement. The subject improvement was assessed at \$9.07 per square foot of living area. On the basis of this analysis, the appellant requested an assessment for the subject improvement of \$6.98 per square foot living area.

The board of review submitted "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. In addition, assessment data and descriptions on three properties were presented. The properties range in age from 16 to 18 years of age. All are of frame construction. Each is located in the same area as the subject and feature amenities such as garages and baths similar to the subject. The properties ranged in size from 1,368 to 1,513 square feet and had improvement assessments ranging from \$9.53 to \$10.94 per square foot of living area.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,206
IMPR.: \$ 14,405
TOTAL: \$ 18,611

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the assessment of the subject property is not warranted based on the evidence contained in the record.

The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. In this appeal, there were a total of seven comparable properties submitted by the parties. The board's comparable three and the appellant's comparables two and three were the most similar in construction, size, style, age and location to the subject property and had improvement assessments ranging from \$7.20 to \$10.94 per square foot of living area. The subject improvement is assessed at \$9.07 per square foot of living area and is within the range of the most similar comparables. The remaining properties are not as similar in square footage of living area.

Therefore, based on a review of the assessment comparables contained in the record, the Property Tax Appeal Board finds that the appellant has not supported the contention of unequal treatment in the assessment process and a reduction in the assessment of the subject property is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
