

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Jay Hausler
DOCKET NO.: 03-25719.001-R-1
PARCEL NO.: 14-29-202-031-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Jay Hausler, the appellant, by attorney Arnold G. Siegel of Chicago and the Cook County Board of Review.

The subject property consists of a 117-year-old, two-story, three-unit apartment building of frame construction containing 3,382 square feet of living area and located in Lakeview Township, Cook County. The apartment property includes three bathrooms, a basement apartment and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered five suggested comparable properties located within six blocks of the subject. These properties consist of two or three-story, two or three-unit apartment buildings of frame and masonry, frame or masonry construction and range in age from 90 to 115 years. The comparables include two or three bathrooms and all have basements. One building has a fireplace, one with air conditioning and three have one or two-car garages. The comparables contain between 3,036 and 3,840 square feet of living area and have improvement assessments ranging from \$42,492 to \$55,327 or from \$12.29 to \$14.41 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$51,746, or \$15.30 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered four suggested comparable properties located within two blocks of the subject. The comparables consist of two-story, three or four-unit buildings of frame construction. The

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

TOTAL: \$66,626

comparables range in age from 96 to 115 years and have full basements. They have three or four bathrooms, basement apartments, one with air conditioning, one with a fireplace and three have two-car garages. The comparable properties range in size from 2,772 to 3,627 square feet of living area with improvement assessments ranging from \$43,868 to \$60,939 or from \$15.82 to \$16.80 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The PTAB finds the appellant's comparables one and five and the board's comparables one, two and three are similar to the subject. These properties have improvement assessments ranging from \$12.29 to \$16.80 per square foot of living area. The subject's per square foot improvement assessment of \$15.30 is within this range of properties. The PTAB gives less weight to the remaining comparables because they differ in construction, location or living area. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
