

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Michael Hanna  
DOCKET NO.: 03-26082.001-R-1  
PARCEL NO.: 14-20-219-030-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Michael Hanna, the appellant, by attorney Edward Larkin of Larkin & Larkin, of Park Ridge, and the Cook County Board of Review (board).

The subject property consists of a 101-year-old, three-story, three-unit apartment building of masonry construction containing 5,994 square feet of living area and located in Lakeview Township, Cook County. The apartment property includes three bathrooms, a full basement and a three-car garage.

The appellant, through counsel, submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within a quarter mile of the subject. These properties consist of three-story, four or six-unit apartment buildings of masonry or frame construction and range in age from 82 to 104 years. Comparable one contains a commercial unit. The comparables include four or six bathrooms and full or partial basements. The sites have no garages. The comparables contain between 7,755 and 9,216 square feet of living area and have improvement assessments ranging from \$48,212 to \$94,832 or from \$6.21 to \$11.07 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$75,233, or \$12.55 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered four suggested comparable properties located within a quarter mile of the subject. Comparable one contains a commercial unit. The comparables consist of three-story, four,

five or six-unit buildings of masonry construction. The comparables range in age from 95 to 108 years and have full basements. They have four, five or six bathrooms, one building with air conditioning and two with two or three-car garages. The comparable properties range in size from 5,142 to 6,705 square feet of living area. The improvement assessments range from \$69,848 to \$84,812 or from \$12.64 to \$15.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds both parties submitted a total of seven suggested comparables none of which are similar enough to effect a change in the subject's assessment without necessary adjustments. These seven properties have improvement assessments ranging from \$6.21 to \$15.08 per square foot of living area. The subject's per square foot improvement assessment of \$12.55 is within this range of properties. The PTAB affords less weight to the seven comparables because they are less similar to the subject in living area and dwelling units, of which two are commercial, and thus have less influence. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
