

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Donald Nehrke
DOCKET NO.: 03-26244.001-R-1
PARCEL NO.: 14-19-422-001-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Donald Nehrke, the appellant, by attorney Edward Larkin of Larkin & Larkin, of Park Ridge, and the Cook County Board of Review (board).

The subject property consists of a 110-year-old, two-story, two-unit apartment building of frame construction containing 2,602 square feet of living area and located in Lakeview Township, Cook County. The apartment property includes two bathrooms, a full basement and a two-car garage.

The appellant, through counsel, submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within a quarter mile of the subject. These properties consist of two-story, two or three-unit apartment buildings of frame and masonry or frame construction and range in age from 110 to 115 years. The comparables include two, three or four bathrooms and full basements. One building is air conditioned and all sites have one or two-car garages. The comparables contain between 2,476 and 4,480 square feet of living area and have improvement assessments ranging from \$29,236 to \$57,414 or from \$11.81 to \$13.79 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$36,543, or \$14.04 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered three suggested comparable properties located within a quarter mile of the subject. The comparables consist of two-story, two or three-unit buildings of frame construction. The

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

TOTAL: \$41,343

comparables range in age from 105 to 117 years and have full basements. They have two or three bathrooms and two have two-car garages. The comparable properties range in size from 2,580 to 2,720 square feet of living area. The improvement assessments range from \$41,894 to \$45,182 or from \$15.99 to \$16.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds the board's three comparables and the appellant's comparable three are similar to the subject with some variations in living area and units. These three properties have improvement assessments ranging from \$11.81 to \$16.61 per square foot of living area. The subject's per square foot improvement assessment of \$14.04 is within this range of properties. The PTAB affords less weight to the remaining two comparables because they are less similar to the subject in living area or construction and thus have less influence. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
