

**PROPERTY TAX APPEAL BOARD'S DECISION**

APPELLANT: Rosalyn Rubens  
DOCKET NO.: 03-26494.001-R-1  
PARCEL NO.: 04-07-213-010-0000

The parties of record before the Property Tax Appeal Board are Rosalyn Rubens, the appellant, by attorney Stephanie Park, Chicago, and the Cook County Board of Review.

The subject property consists of a 20-year-old, two-story, single-family dwelling of frame and masonry construction containing 4,045 square feet of living area and located in Northfield Township, Cook County. Features of the home include three full bathrooms, two half-baths, a partial-unfinished basement, air-conditioning, a fireplace and a two-car attached garage.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board arguing unequal treatment in the assessment process of the improvement as the basis of the appeal. In support of this claim, the appellant submitted assessment data and descriptive information on seven properties suggested as comparable to the subject. The appellant also submitted a two-page brief, a photograph of the subject and a copy of the board of review's decision. Based on the appellant's documents, the seven suggested comparables consist of two-story, single-family dwellings of masonry or frame and masonry construction located within the subject's neighborhood. Two comparables are located on the same street as the subject. The improvements range in size from 4,053 to 4,912 square feet of living area and range in age from 18 to 33 years. The comparables contain from three and one-half to five and one-half bathrooms, a finished or unfinished basement, air-conditioning, a fireplace and a multi-car attached

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$ 11,433
IMPR.:	\$ 52,564
TOTAL:	\$ 63,997

Subject only to the State multiplier as applicable.

garage. The improvement assessments range from \$8.72 to \$11.87 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$63,997. The subject's improvement assessment is \$52,564 or \$12.99 per square foot of living area. In support of the assessment the board submitted property characteristic printouts and descriptive data on four properties suggested as comparable to the subject. The suggested comparables are improved with two-story, 21 or 25-year-old, single-family dwellings of frame and masonry construction located within the same survey block as the subject. Two comparables are located on the same street as the subject. The improvements range in size from 3,468 to 4,427 square feet of living area. The comparables contain three full bathrooms, a finished or unfinished basement, air-conditioning, a fireplace and a two-car garage. The improvement assessments range from \$13.30 to \$13.93 per square foot of living area. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

Both parties presented assessment data on a total of eleven equity comparables. These eleven properties have improvement assessments ranging from \$8.72 to \$13.93 per square foot of living area. The subject's per square foot improvement assessment of \$12.99 falls within the range established by these properties. In addition, the subject's per square foot improvement assessment is lower than four of the eleven properties offered for comparison. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported by the properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has failed to adequately demonstrate that the

subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board are subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
