

**PROPERTY TAX APPEAL BOARD'S DECISION**

APPELLANT: Steven Schlender  
DOCKET NO.: 03-26900.001-R-1  
PARCEL NO.: 18-36-402-054-0000

The parties of record before the Property Tax Appeal Board are Steven Schlender, the appellant, by attorney Rusty A. Payton of Chicago, and the Cook County Board of Review.

The subject property consists of a 26-year-old, one-story, single-family dwelling of masonry construction containing 1,260 square feet of living area and located in Lyons Township, Cook County. Features of the home include one and one-half bathrooms, a full-unfinished basement, air-conditioning and a two and one-half car detached garage.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process of the improvement as the basis of the appeal. In support of this claim, the appellant submitted assessment data and descriptive information on four properties suggested as comparable to the subject. Based on the appellant's documents, the four suggested comparables consist of one-story, single-family dwellings of masonry construction with the same neighborhood code as the subject. The improvements range in size from 1,146 to 1,567 square feet of living area and range in age from 44 to 47 years. The comparables contain one or one and one-half bathrooms. The improvement assessments range from \$6.38 to \$7.93 per square foot of living area. Based on the evidence submitted, the appellant requested a reduction in the subject's improvement assessment.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$ 3,896
IMPR.:	\$ 14,016
TOTAL:	\$ 17,912

Subject only to the State multiplier as applicable.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$17,912. The subject's improvement assessment is \$14,016 or \$11.12 per square foot of living area. In support of the assessment the board submitted property characteristic printouts and descriptive data on four properties suggested as comparable to the subject. The suggested comparables are improved with one-story, 28-year-old, 1,250 square foot, single-family dwellings of masonry construction located within the same survey block as the subject. The comparables contain one and one-half bathrooms, a full-unfinished basement and a two-car garage. Three comparables have air-conditioning. The improvement assessments range from \$11.03 to \$11.26 per square foot of living area.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

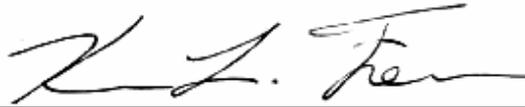

The Board finds the board of review's comparables to be the most similar properties to the subject in the record. These four properties are similar to the subject in improvement size, amenities, age and location and have improvement assessments ranging from \$11.03 to \$11.26 per square foot of living area. The subject's per square foot improvement assessment of \$11.12 falls within the range established by these properties. The Board finds the appellant's comparables less similar to the subject in improvement size, amenities, age and/or location. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported by similar properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board are subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
