

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Donna LoBello
DOCKET NO.: 03-28712.001-R-1
PARCEL NO.: 18-04-325-007-0000

The parties of record before the Property Tax Appeal Board are Donna LoBello, the appellant, by attorney Stephanie Park, Chicago, and the Cook County Board of Review.

The subject property consists of a 95-year-old, two-story, single-family dwelling of frame construction containing 2,242 square feet of living area and located in Lyons Township, Cook County. Features of the home include two and one-half bathrooms, a full-unfinished basement, a fireplace and a one-car detached garage.

The appellant, through counsel, submitted evidence before the Property Tax Appeal Board arguing unequal treatment in the assessment process of the improvement as the basis of the appeal. In support of this claim, the appellant submitted assessment data and descriptive information on eight properties suggested as comparable to the subject. The appellant also submitted a two-page brief, a photograph of the subject and a copy of the board of review's decision. Based on the appellant's documents, the eight suggested comparables consist of two-story, single-family dwellings of frame, stucco or frame and masonry construction located within the subject's neighborhood. One comparable is located on the same street and block as the subject. The improvements range in size from 2,226 to 2,352 square feet of living area and range in age from 74 to 106 years. The comparables contain one and one-half, two or two and one-half bathrooms, an unfinished basement and a one-car or two-car detached garage. Six comparables have a fireplace. The

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,820
IMPR.: \$ 42,126
TOTAL: \$ 51,946

Subject only to the State multiplier as applicable.

improvement assessments range from \$14.35 to \$17.41 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$51,946. The subject's improvement assessment is \$42,126 or \$18.79 per square foot of living area. In support of the assessment the board submitted property characteristic printouts and descriptive data on three properties suggested as comparable to the subject. The suggested comparables are improved with two-story, single-family dwellings of stucco or masonry construction with the same neighborhood code as the subject. One comparable is located on the same street as the subject. The improvements range in size from 2,236 to 2,605 square feet of living area and range in age from 78 to 87 years. The comparables contain two full bathrooms, an unfinished basement, one or two fireplaces and a two-car garage. The improvement assessments range from \$19.18 to \$19.61 per square foot of living area. The board of review's evidence disclosed that the subject sold in October 2002 for a price of \$612,500. Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review V. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

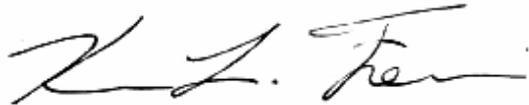

The Board finds the appellant's comparables and the board of review's comparables two and three to be the most similar properties to the subject in the record. These ten properties are similar to the subject in size, amenities, age and location and have improvement assessments ranging from \$14.35 to \$19.26 per square foot of living area. The subject's per square foot improvement assessment of \$18.79 falls within the range established by these properties. The Board finds the board of review's remaining comparable less similar to the subject in improvement size and construction. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported by similar properties contained in the record.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board are subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
