

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Andra Boliker  
DOCKET NO.: 03-29477.001-R-1  
PARCEL NO.: 14-33-421-023-0000  
TOWNSHIP: North

The parties of record before the Property Tax Appeal Board are Andra Boliker, the appellant, by attorney Edward Larkin of Larkin & Larkin of Park Ridge and the Cook County Board of Review.

The subject property consists of a 115-year-old, two-story, four-unit apartment building of masonry construction containing 3,332 square feet of living area and located in North Township, Cook County. The apartment property includes four bathrooms, a full basement and no garage.

The appellant's attorney submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of the equity argument, the appellant offered three suggested comparable properties located within a quarter mile of the subject. These properties consist of three-story, three or six-unit apartment buildings of masonry or frame and masonry construction and range in age from 113 to 115 years. The comparables include three or six bathrooms and two buildings have basements. One of the comparables has fireplaces. The comparables contain between 4,014 and 7,451 square feet of living area and have improvement assessments ranging from \$64,096 to \$79,994 or from \$10.83 to \$15.97 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$57,172, or \$17.16 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered three suggested comparable properties located within a quarter mile of the subject. The comparables consist of two or three-story, three-unit buildings of masonry construction. The comparables range in age from 115 to 128 years and have full

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR. \$57,172  
TOTAL: \$68,677

basements, one is an apartment. They each have three bathrooms. One comparable has air conditioning, one has two fireplaces and one site has a one-car garage. The comparable properties range in size from 2,457 to 2,579 square feet of living area with improvement assessments ranging from \$47,500 to \$56,712 or from \$19.31 to \$23.08 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

Both parties submitted a total of six suggested comparable properties. The PTAB finds the appellant's comparable three (\$15.97 p/sf) is the only comparable fairly similar to the subject in living area. The remaining five comparables are found less and much less similar in living area. The six properties, without adjustments, have improvement assessments ranging from \$10.83 to \$23.08 per square foot of living area. The subject's per square foot improvement assessment of \$17.16 is within this range of properties. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted into the record is insufficient to effect an assessment change.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
