

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Slobodan Pavlovic  
DOCKET NO.: 03-29824.001-C-1  
PARCEL NO.: 13-14-126-028-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Slobodan Pavlovic, the appellant, by attorney Terrence Kennedy of Chicago, and the Cook County Board of Review (board).

The subject property consists of a 89-year-old, 4,130 square foot, three-story, masonry constructed building. The property is located in Jefferson Township.

The appellant argued that the fair market value of the subject is not accurately reflected in its assessed value. In support of that argument, a settlement statement and an affidavit of ownership was provided. This closing statement provides a sales price of \$275,000 and a sales date of September 18, 2002. Based on this evidence, the appellant requested that the PTAB find an assessment value in keeping with the median level of assessment for class 2 residential properties, such as the subject.

The Board of review presented "Board of Review Notes on Appeal" wherein the subject's final assessment of \$42,890 was disclosed. In addition, the board provided a comparative market analysis consisting of four comparables. The comparables sold from \$68.44 to \$104.17 per square foot. Based on its market analysis, the board of review requested confirmation of the subject's assessment.

After reviewing the record, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). Proof of

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 4,692  
IMPR.: \$ 23,166  
TOTAL: \$ 27,858

market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill. Adm. Code §1910.65(c)). Having considered the evidence and testimony presented, the PTAB finds that the appellant has met this burden and a reduction is warranted.

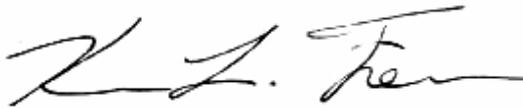

The appellant's sale of the subject property is considered the best evidence of the subject's correct market value. The sales priced occurred in the year 2002 for a price of \$275,000. The board's sales are not as indicative of the subject's value as is a sale of the subject itself. On the basis of this analysis, the Property Tax Appeal Board finds that the subject had a fair market value of \$275,000 as of January 1, 2003. The appellant has also requested that the PTAB properly apply the median level of assessment for class 2 property such as the subject.

Since fair market value had been established, the three year weighted average median level of assessments for Cook County residential property of 10.13% shall apply. Therefore, the correct assessment is \$27,858. Since the current assessment is \$42,890, a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
