

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Jeanne Kerkstra
DOCKET NO.: 03-30293.001-R-1
PARCEL NO.: 17-17-409-028-0000

The parties of record before the Property Tax Appeal Board are Jeanne Kerkstra, the appellant, by attorney Adam E. Bossov of Chicago and the Cook County Board of Review.

The subject property consists of a 101-year-old, three-story, three-unit apartment building of masonry construction containing 3,480 square feet of living area and located in West Township, Cook County. The apartment property includes three bathrooms, a full basement and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered eight suggested comparable properties located within a quarter mile of the subject. These properties consist of two or three-story apartment buildings of masonry construction and range in age from 90 to 125 years. The comparables include three, four or six bathrooms. Two buildings have one or three-car garages. Evidence of air conditioning and basement space was not disclosed. The comparables contain between 3,672 and 4,284 square feet of living area and have improvement assessments ranging from \$30,926 to \$35,662 or from \$8.26 to \$8.80 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$35,574, or \$10.22 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered four suggested comparable properties located within a block of the subject. The comparables consist of two or three-story, two or three-unit buildings of masonry or frame and masonry construction. The comparables range in age from 81 to

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,369
IMPR. \$35,574
TOTAL: \$38,943

Subject only to the State multiplier as applicable.

PTAB/TMcG.

115 years and three have basements, one finished. They have two or three bathrooms and three have one or two-car garages. The comparable properties range in size from 1,672 to 3,360 square feet of living area with improvement assessments ranging from \$24,962 to \$34,624 or from \$10.27 to \$14.93 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds the board's comparables one and two and the appellant's comparables four, five and eight are the comparables similar to the subject. These properties have improvement assessments ranging from \$8.42 to \$10.31 per square foot of living area. The subject's per square foot improvement assessment of \$10.22 is within this range of properties. The PTAB affords less weight to the remaining comparables because they are less similar to the subject in living area and thus have less influence. The appellant's three comparables' total assessments, while older, are equitable to the subject's total assessment. After considering adjustments and the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject apartment building was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board are subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
