

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Joyce Hart
DOCKET NO.: 04-21058.001-C-1
PARCEL NO.: 11-18-100-014-0000

The parties of record before the Property Tax Appeal Board are Joyce Hart, the appellant, by attorney Joe Lee Huang of the Law Offices of Terrence Kennedy, Jr. of Chicago and the Cook County Board of Review.

The subject property consists of a 76-year-old, three-story, masonry, 22,688 square foot class 3-15 apartment building situated on 13,167 square feet of land located in Evanston Township Cook County.

The appellant's counsel appeared before the PTAB and submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered five suggested comparable class 3-15 apartment properties. These properties consist of three-story class 3-15 properties of masonry construction and range in age from 81 to 101 years. The appellant submitted Assessor's printouts and 4905 buff cards for the subject and the comparables. The comparables range in size from 8,787 to 34,854 square feet. The comparables have improvement assessments ranging from \$44,813 to \$191,698 or from \$5.08 to \$5.63 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" that disclosed the subject's total assessment of \$196,411 which reflects a market value of \$755,427 as factored by the Cook County Ordinance level of 26%. The board submitted evidence in support of its assessed valuation of the subject property. As evidence the board offered five sales of commercial properties ranging in size from 14,800 to 23,536 square feet that occurred between September 2001 and March 2005 for prices ranging from \$1,735,000 to \$3,150,000 or from \$101.97 to \$152.17 per square

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 49,639
IMPR. \$132,361
TOTAL: \$182,000

foot of land and building. No analysis and adjustment of the sales data was provided by the board. Three of the sales are beyond the assessment date.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

After hearing the testimony and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has overcome this burden.

The PTAB finds the appellant's comparables one, two and three are similar to the subject, but with some differences in building and lot size to be taken into consideration. These properties have improvement assessments ranging from \$5.08 to \$5.61 per square foot of building area. The subject's per square foot improvement assessment of \$6.47 is above this range of properties. After considering the differences and similarities in the suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is sufficient to cause a change in the subject's assessment.

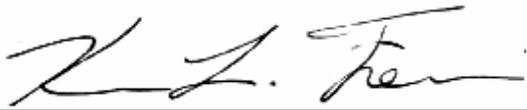

The PTAB gives less weight to the board's sales evidence because it lacks analysis and a supported conclusion of value and the appeal was based on inequity. Also, three of the sales are beyond the assessment date.

As a result of this analysis, the PTAB finds that the appellant has adequately demonstrated that the subject property was inequitably assessed and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
