

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Anne Kent
DOCKET NO.: 04-21151.001-R-1
PARCEL NO.: 10-25-210-020-0000

The parties of record before the Property Tax Appeal Board are Anne Kent, the appellant, by attorney Stephanie Park of Stephanie Park, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property consists of a 78-year old, one and one-half story style dwelling of frame construction containing 1,663 square feet of living area with a partial, unfinished basement, central air conditioning, one fireplace and a two-car garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted a grid analysis detailing four suggested comparable properties located in the same neighborhood as the subject property. The comparables are one or one and one-half story stucco, masonry or frame and masonry dwellings that are from 49 to 111 years old. The comparables range in size from 1,569 to 1,728 square feet of living area and have improvement assessments ranging from \$11.19 to \$14.60 per square foot. The subject property has an improvement assessment of \$16.07 per square foot.

With respect to the overvaluation claim, the appellant submitted a residential appraisal report in which the subject property's market value was estimated to be \$315,000 on December 13, 2002. Both the cost approach and the sales comparison approach were utilized in the appraisal report. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$36,978 was disclosed. The subject's assessment reflects a market value of \$370,150 using the 2004 three year median level of assessments for class 2 property of 9.99%. In support of the subject's assessment, the board of review offered the property

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	10,260
IMPR.:	\$	21,209
TOTAL:	\$	31,469

characteristic sheets and a spreadsheet detailing four suggested comparable properties located one block from the subject property. The comparable properties consist of one or one and one-half story frame, masonry or frame and masonry dwellings that are from 50 to 56 years old. The dwellings contain from 1,153 to 1,659 square feet of living area and have improvement assessments ranging from \$16.24 to \$17.91 per square foot. The board of review also submitted a list of sales prices and sales dates for 20 properties. However, descriptions of these properties were not submitted. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds that a reduction in the subject's assessment is warranted.

The appellant claimed the subject property's assessment was not reflective of its market value. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179, 183, 728 N.E.2d 1256 (2d Dist. 2000). The Board finds that based on the evidence contained in the record the appellant has sufficiently established overvaluation by a preponderance of the evidence and a reduction in the subject's total assessment is warranted.

The Board finds the appraisal report submitted by the appellant in which a market value of \$315,000 was estimated for the subject on December 13, 2002 is the best evidence of the subject's market value as of the January 1, 2004 assessment date. The subject's assessment reflects a market value of \$370,150 and is in excess of the market value estimate contained in the recent appraisal report. The board of review submitted no evidence to refute the findings contained in the appraisal report. Thus, the Board finds the subject has a market value of \$315,000 and the 2004 three-year median level of assessments for Cook County Real Property Assessment Classification Ordinance Class 2 property of 9.99% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code 1910.50(c)(2))

The appellant also argued the subject property was inequitably assessed. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. The Property Tax Appeal Board finds that after considering the assessment reduction based upon market value principals, the subject property is uniformly assessed and no further reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
