

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Cary Hall
DOCKET NO.: 04-21190.001-R-1
PARCEL NO.: 12-36-305-007-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Cary Hall, the appellant, by attorney Joseph G. Kusper of Storino, Ramello & Durkin of Rosemont and the Cook County Board of Review (board).

The subject property consists of a 63-year-old, two-story, dwelling of masonry construction containing 2,040 square feet of living area and located in Leyden Township, Cook County. The residence includes two and one half bathrooms, a full finished basement, fireplaces and a one-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within a quarter mile of the subject. These properties consist of one or two-story dwellings of masonry construction, and range in age from 47 to 66 years. The comparables include two or three bathrooms, with half baths, partial basements, two finished, one home with air conditioning and two homes have a fireplace. The comparables have one or two-car garages. The comparables contain between 2,397 and 2,841 square feet of living area and have improvement assessments ranging from \$19,808 to \$25,312 or from \$7.95 to \$9.18 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$26,540, or \$13.01 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered three suggested comparable properties located within one quarter mile of the subject. The comparables consist of two-story dwellings of masonry construction. The comparables range in age from 55 to 62 years, with full basements and two are finished. The comparables have two bathrooms with some half baths, all with air conditioning, two with fireplaces and all

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

IMPR. \$26,540
TOTAL: \$32,520

properties have two-car garages. The comparable properties contain between 1,967 and 2,095 square feet of living area with improvement assessments of between \$28,744 and \$30,587 or from \$13.91 to \$14.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds the board's three comparables are similar to the subject but with some small differences in living area to be considered. These three properties have improvement assessments ranging from \$13.91 to \$14.61 per square foot of living area. The subject's per square foot improvement assessment of \$13.01 is below this range of properties. The PTAB gives less weight to the appellant's comparables because they are much less similar to the subject in living area. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject property was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

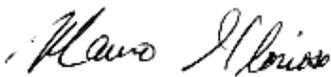

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
