

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Mary Louise Novy
DOCKET NO.: 04-21559.001-R-1
PARCEL NO.: 10-07-200-022-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Mary Louise Novy, the appellant, by attorney Thomas M. Battista of Rock, Fusco & Associates, LLC of Chicago and the Cook County Board of Review (board).

The subject property consists of a four-year-old, two-story single-family dwelling of masonry construction containing 6,016 square feet of living area and located in Niles Township, Cook County. The residence contains four bathrooms, a full finished basement, air conditioning, fireplaces and a three-car garage.

The appellant's counsel appeared before the PTAB and submitted evidence claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within three blocks of the subject. These properties consist of two-story single-family dwellings of frame or masonry construction and range in age from 10 to 78 years. The comparables have three, five or six bathrooms and two have finished partial basements, fireplaces, two have air conditioning and two or three-car garages. The comparables contain between 5,174 and 5,679 square feet of living area and have improvement assessments ranging from \$85,312 to \$89,026 or from \$15.02 to \$16.88 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$133,497, or \$22.19 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered three suggested comparable properties located within a block of the subject. The comparables consist of two-story single-family dwellings of frame and masonry or masonry construction and range in age from 30 to

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

TOTAL: \$160,456

50 years. The comparables contain three bathrooms, partial basements, one finished, air conditioning, fireplaces and two-car garages. The comparables contain between 3,618 and 3,992 square feet of living area and have improvement assessments of between \$82,847 and \$91,585 or from \$22.89 to \$23.85 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After hearing the testimony and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has overcome this burden.

The PTAB finds both parties submitted a total of six suggested comparables that are somewhat similar to the subject but with considerable differences from the subject in construction, living area and age. These properties have improvement assessments ranging from \$15.02 to \$23.85 per square foot of living area. The subject's per square foot improvement assessment of \$22.19 is within this range of properties. The PTAB gives little weight to the comparables because they are much less similar to the subject. After considering the differences in the suggested comparables when compared to the subject property, the PTAB finds the evidence is insufficient to effect a change in the subject's current assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant has not adequately demonstrated that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
