

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Thomas Cronin  
DOCKET NO.: 04-21656.001-R-1  
PARCEL NO.: 10-07-400-064-0000

The parties of record before the Property Tax Appeal Board are Thomas Cronin, the appellant, by attorney Joanne P. Elliott, of the law firm of Elliott & Associates, in Des Plaines, and the Cook County Board of Review.

The subject property consists of a 48-year-old, one-story, masonry construction, single-family residence with a partial basement and two full baths. The subject contains 2,886 square feet of living area. The appellant contends unequal treatment in the assessment process as the basis of the appeal.

The appellant submitted assessment data and descriptions on three properties located in the area of the subject property. The properties were one-story, frame or masonry or frame and masonry, single-family residences with two or three full baths. They ranged in size from 3,289 to 3,669 square feet and had improvement assessments ranging from \$13.86 to \$15.64 per square foot of living area. The subject improvement was assessed at \$16.98 per square foot of living area. On the basis of this analysis, the appellant requested an assessment for the subject improvement of \$15.04 per square foot living area.

The board of review submitted "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. In addition, assessment data and descriptions on four properties were presented. These properties were one-story, masonry, single-family residences with full or partial basements and two or three full baths in the same neighborhood as the subject. The properties ranged in size from 2,245 to 2,440 square feet and had improvement assessment from \$19.50 to \$20.89 per square foot of living area.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 13,591  
IMPR.: \$ 48,993  
TOTAL: \$ 62,584

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds that a reduction in the assessment of the subject property is not warranted based on the evidence contained in the record.

The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction.

In this appeal, there were a total of seven comparable properties submitted by the parties. The board of review's comparables one, two and four were the most similar in construction, style, age, and improvement size to the subject property and had improvement assessments ranging from \$19.50 to \$20.89 per square foot of living area. The subject improvement is assessed at \$16.98 per square foot of living area and is below this range.

Therefore, based on a review of the assessment comparables contained in the record, the Property Tax Appeal Board finds that the appellant has not supported the contention of unequal treatment in the assessment process and a reduction in the assessment of the subject property is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
