

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Sandra Peppers  
DOCKET NO.: 04-21896.001-R-1  
PARCEL NO.: 02-35-211-075-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Sandra Peppers, the appellant, by attorney Joseph G. Kuser of Storino, Ramello & Durkin of Rosemont and the Cook County Board of Review (board).

The subject property consists of a 33-year-old, one-story, townhouse dwelling of frame construction containing 1,296 square feet of living area and located in Palatine Township, Cook County. The residence includes two bathrooms, a partial basement, air conditioning, a fireplace and a two-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered three suggested comparable properties located within a block of the subject. These properties consist of one-story townhouse dwellings of frame or frame and masonry construction, and 28 or 33 years old. The comparables include two bathrooms, partial or full basements, air conditioning, one with a fireplace and two car garages. The comparables contain between 1,702 and 1,798 square feet of living area and have improvement assessments ranging from \$20,774 to \$21,092 or from \$11.61 to \$12.21 per square foot of living area. The appellant claims the building has no fireplace. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$18,390, or \$14.19 per square foot of living area, was disclosed. In support of the subject's assessment, the board of review offered three suggested comparable properties located within the same block as the subject. The comparables consist of one-story, townhouse dwellings of frame construction. The comparables range from 28 to 33 years and have partial basements. They have two bathrooms, air conditioning, one with a fireplace and two-car garages. The comparable properties contain 1,285 or 1,296 square feet of living area with improvement assessments ranging from

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 5,196  
IMPR. \$18,390  
TOTAL: \$23,586

Subject only to the State multiplier as applicable.

PTAB/TMcG.

\$18,379 to \$18,399 or from \$14.18 to \$14.31 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has failed to overcome this burden.

The PTAB finds the board's three comparables are the comparables more similar to the subject. These properties have improvement assessments ranging from \$14.18 to \$14.31 per square foot of living area. The subject's per square foot improvement assessment of \$14.19 is within this range of properties. The PTAB gives less weight to the appellant's comparables because they are much less similar to the subject in living area. After considering the differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the PTAB finds the appellant did not adequately demonstrate that the subject townhouse property was inequitably assessed by clear and convincing evidence and a reduction is not warranted.

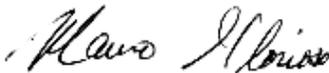

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
